

2014 SALES PROGRAM

INTRODUCTION

Historic Hotels of America offers its member hotels valuable yet affordable supplemental sales opportunities to participate in various tradeshows, client and media showcases, consortia, and other programs, all of which serve to enhance and extend the member hotels' direct sales efforts.

In terms of the quantity of meetings and events represented by these various sales opportunities, Historic Hotels of America's Director, Sales and Development, has calculated the total number of meeting and event planners in attendance annually at each Historic Hotels of America-sponsored client showcase, including events in Chicago, New York, Atlanta, Washington, DC, and San Francisco.

To this calculation was added the total number of meeting and event planners who visit the Historic Hotels of America exhibit booth annually at various tradeshows, including ASAE Springtime, GBTA, HSMIA's MEET National, National Preservation Conference, and Holiday Showcase; as well as client RFPs received via telephone, email, and HistoricHotels.org.

Arriving at a total of 4,000 clients, a multiplier of ten was then used—for a conservative estimate of the number of meetings and events represented by each of the 4,000 clients—**arriving at a total of 40,000 potential meetings and events annually x 70 room nights per meeting = 2.8 million total room nights.**

III. NATIONAL TRUST MEMBER GROUP RATE PROGRAM

Modeled on the popular National Trust Member Rate (FIT) Program, the National Trust for Historic Preservation Member Group Rate Program was developed to provide a new group business channel to Historic Hotels of America members, while promoting new memberships in the National Trust for Historic Preservation, and offering an additional tangible benefit to current National Trust members.

Whenever a member of the National Trust is interested in booking a group with a minimum of ten (10) guestrooms into an HHA member hotel, the NTHP member will visit the HHA website, complete, and submit a simple online meeting RFP form, providing his/her NTHP membership number. Alternatively, the RFP may be phoned in to the HHA National Sales Office for sourcing. The RFP will be reviewed by HHA's Director, Sales and forwarded to the appropriate member hotel(s) for follow-up. The participating hotel will have the option to accept or decline the referral. If accepted, the hotel will contract directly with the National Trust member and pay an after-departure placement fee to HHA on consumed group room revenue.

In order to participate in the program, a hotel must:

- Be a member in good standing in Historic Hotels of America
- Be a current participant in the National Trust Member Rate (FIT) Program with a bookable National Trust Member (FIT) Rate loaded in the hotel's property management system and on the HHA website
- Agree to provide National Trust members with a group rate which is 5% below the hotel's **B**est **A**vailable **R**ate (BAR) or the prevailing group rate—whichever is lower
- Respond in a timely manner to all referrals resulting from participation in the program, copying HHA's Director, Sales on all correspondence and proposals sent to the client
- Agree not to list the placement fee payable to HHA in any verbal, written, or electronic communication with the client, inasmuch as the payment of the placement fee is an agreement between and exclusive to HHA and its member hotels.
- Agree not to increase the group rate offered to the National Trust member in order to compensate for the placement fee paid to HHA
