SPA FACILITIES:

Guerlain Spa New York provides an unrivaled luxurious and personalized spa experience within New York City's most renowned hotel. Nineteen floors above the historic Waldorf Astoria grand lobby, Guerlain Spa offers a serene, French-inspired oasis complete with a rose-adorned lounge area and spacious treatment suites.

Architectural firm AC Martin, together with Guerlain, created a lavish space inspired by Waldorf Astoria's legendary Art Deco design. Diamante tile flanks the main entryway where an illuminated Baccarat crystal feature evokes a calming, elegant aura throughout the expansive spa.

The 14,000 square-foot space features 14 treatment suites, nail salon, Fitness Center, and Grand Salon relaxation venue. Mirroring the beauty and grandeur of its hotel locale, the spa's customized treatment suites deliver an unsurpassed guest experience. Each fitted with a private bathing lounge, signature Guerlain amenities, and personalized music selections, guests of Guerlain leave each treatment refreshed and refined from the inside out.

Amid a sweeping backdrop of Park Avenue and Manhattan, guests relax and socialize specialty tea, champagne, cappuccino and an exclusive, seasonal menu created by celebrated Waldorf

Astoria chefs. For post-treatment pampering, “The Final Touch” offers a complimentary shoe shine, garment steaming and make-up application with every treatment.

SERVICES:

In addition to its wide spectrum of body therapies, Guerlain Spa at Waldorf Astoria Towers utilizes the exclusive Guerlain Méthode comprised of traditional and advanced skincare technologies. With an emphasis on customization, Guerlain Spa treatments endeavor to enhance beauty, improve well-being, and address individual result expectations through a precise, personalized skin analysis.

HOUSE OF GUERLAIN

Trained as a doctor and chemist, Pierre-Francois-Pascal Guerlain opened his first boutique in Paris in 1828. Enjoying immediate success, his revolutionary work led to an abundance of innovative firsts, including the creation and invention of scientifically based skincare, kohl eyeliner, mascara, and lipstick. Since its establishment, Guerlain continually builds on its pioneering tradition through the introduction of Terracotta, the benchmark for all bronzers, and Meteorites, the first product ever to incorporate mother-of-pearl. Guerlain’s legacy encompasses

more than 700 celebrated fragrances and retains international recognition as a symbol of artistry, superlative quality, impeccable style, and ultimate grace.
