**INTERNATIONAL**

The screenshot displays a hotel booking interface in Arabic. At the top, it shows the title 'الجزء الخاص بك القادمة' (Your upcoming part) and a search bar with 'Arabic' selected as the language and 'ESE' as the currency. Below this is a navigation menu with options like 'تأكيدات', 'مراجعة', 'الطلب', 'تحديد جزمات', and 'الغرف والأسعار'. The main content area features a calendar for February and March 2013, with room availability indicated by circles and prices. Two room options are highlighted: 'خدمة التليك (المساج) داخل الغرفة' (In-room telecommunication service) and 'جنح إمبرال' (Imperial Suite). The interface also includes a sidebar with language flags and a bottom section with a price range slider and room selection options.
